

Integration Requirement

- Emerging Integrated Navy Training System
- Tremendous potential
 - A true link from requirement through analysis, development, management, storage, deployment and assessment
- Capability to link all systems supporting the *Revolution in Training*

Fleet Driven Requirements

- NMETLs will drive fleet and individual training requirements
- NMETLs will provide the basis for performance assessment
- NMETLs will supply the architecture that makes the Integrated Training System work

AIM Integration Requirement

- Integrated Navy Training System will consist of linked training databases
- Will work best by using XML DTDs to provide data from one class of tools to others
- Navy repository will play a central role
- AIM is ready to play its role in this emerging system now
